*Artistic Photography and Video*

## About Us

Versatile photographers is a unique team of professional photographers and videographers that has been producing priceless wedding photos and videos. We have appealing ideas of what the bride and groom wants for their wedding and how to customize our packages to cater their budget.

We are a young and hip generation of wedding photographers especially in both contemporary and candid photography and we are renowned for elegance, style and artistic creation of our work.

Our reputation is built around the satisfaction of our clients and superior level of wedding photography and video graphic we provide. We always strive to capture every moment perfectly as it happens.

We simply believe the best form of advertising is the word of mouth keeping people amazed by our services and end products encourages them to keep referring their friends and families back to us.

Our customized wedding albums give a love story beginning with your young hood photos, rehearsals, wedding day and ends with your honeymoon photos.

We also have an executive studio where we do profile photos, Portfolios, Family portraits, Passport photos and Product photo shoots. We use different tastes of backgrounds to suite the complexion of the images.

We invite you to take a closer look at our wedding photography and video graphic samples by visiting our office at Hazina Towers 9<sup>th</sup> Floor Monrovia Street next to View Park Towers and our website <http://www.versatilephotographers.com> or join our fun page on Face Book <http://www.facebook.com/pages/Versatile-Photographers/123064824417072?ref=ts>
