- ✓ Kodak
- ✓ East African Breweries
- ✓ Water Services & Regulatory Board
- ✓ Samantha Bridal
- ✓ Raspberry Magazines

OUR TEAM

Our team is made up of young energetic minds that are passionate about photography and videography and are presented below:

David Macharia, Photographic Artist

Driven by a passion to capture memories in full colour for posterity, David began photography as a hobby. As the interest grew he got the relevant certification in graphic design and attained the skills to design black and white images. Amongst his most impressive coup was providing photo and video services at the infamous *Kiss 100 Victoria Wedding* at the Marual Manor in 2007. His hobby has now become a full fledged corporate enterprise with an impressive and enthusiastic team of photographers, videographers, video editors and graphic designers who create lasting memories.

Ann Wambui, Video Editor

For Ann, video editing is a chance to connect with her clients. Her concepts are generated in conjunction with the client to make sure that the client gets exactly he or she wants. Ann's aim is to create beautiful short moving films with a compelling message, not easily forgotten.

When love and skill work together, expect a master piece!

Naigine Ochiel, Videographer

The desire to create an impact in people's lives through video is what drives Naigine to document activities in the clearest and most gripping way possible. He enjoys his work constantly challenges himself to do better and riveting productions

Stanley Ndembu, Photographer/Videographer

Having launched his career in photo and videography when he was still in high school, Stanley always strives to get the perfect shot when he holds a camera. He believes that a picture should always be able to communicate much more than words can.

Regina Nyokabi, Photo Editor/Designer

Regina has worked in studio photo processing for close to 6 years and has extensive experience in photography and design. She believes that the best stories are those told through photos that refresh the memories captured and does this by developing unique photo albums.
